PROFILE

Graduated in Civil Engineering at Catalonian Polytechnic University (UPC), although my great passion has always been the IT world and new technologies. Presently I am involved in the visual side of web development and persistently learning. My current goal is to become a part of a great company as a Front-End web developer, to be able to apply my knowledge and to progress professionally. As an organized person and with great motivation, I'm able to adapt to any circumstances and do my best in every project while I enjoy teamwork and companionship.
